## *Certificate*

### **Food-safe materials**

This is to certify that the **Finnebäcks Panelsystem**, as manufactured by

***Finnebäcks AB, Frysen, S-671 70 Edane, Sweden***

Is built up by food-safe materials and components only.

The construction has been tested and approved by:

***The "Institute of Sanitary and Epidemic studies" in Warsaw, Poland 1992-04-10.***

The Insulation material consists of Polyurethane foam with a surface of a hot dip galvanized Steel sheet, thickness 0,6 mm.

The steel is protected from corrosion with a primer and a pre-painted top coating of "Plastisol" which is food-safe in accordance with H.M. Government Statuary Instrument No. 1523 (1987), "The Materials and articles in contact with Food regulation".

This statement is signed by

Johan Wästlund
